SPELLS

Ice Lance

Arcane Power · Novice

Power Points	Range	Duration	Damage
1–6	12/24/48	Instant	2d6

Effect

Conjures a spear of jagged ice and hurls it at a single target. Make an **Arcane Skill** roll against the target's **Parry** (if in melee) or **4** (ranged).

- **Success:** 2d6 cold damage.
- **Raise:** +1d6 damage and the target is **Distracted** until the end of their next turn.

Power Modifiers

Modifier	PP Cost	Description
Additional Lance	+1	Conjure one extra lance per +1 PP (max 3 lances).
Heavy Weapon	+1	Damage counts as a Heavy Weapon.
Seek	+1	Reroll one miss; take the second result.

Notes

Each lance is an independent projectile requiring its own Arcane Skill roll. On a raise, shards of ice scatter — targets within 1" of the primary target make an **Agility** roll or suffer 1d4 cold damage.

Conscious Repeating Rifle

Ranged Weapon · Two-Handed · Arcane Item

Damage	Range	RoF	AP	Shots	Weight
2d8	24/48/96	1	2	10	8 lb

Notes

- **Lever-Action:** Spending a Benny allows a second shot as a free action.
- **Reload:** 1 action to reload a single round, or 2 actions to reload from empty.
- Counts as a **Medium Range** weapon: -2 to Shooting rolls at Long range.

Sentience

The rifle has a **Smarts d6** and communicates through vibrations in the stock — a slow pulse for approval, a sharp knock for disapproval. It has the **Loyal** Hindrance and refuses to fire at targets it considers allies.

- **Backseat Shooter:** Once per round the rifle may warn its wielder of a flanking enemy; the wielder is not Vulnerable from that attack.
- **Refuse to Fire:** If the wielder acts against the rifle's sense of loyalty, make an opposed **Spirit** roll. On a failure, the action jams (Shooting 1).
